Why Advertising Pays.
A reporter dropped into one of our large re-
tail establishments and held a conversation
with the proprietor. "You have a great run," remarked the re-
porter. "Yes," replied the proprietor, "a big run—
partly because of the season, but mostly on
account of advertising." "How can you tell whether ad-
vertising pays, and what papers are of great ad-
vertising value?" "I can tell that advertising pays
by stopping my advertisement. I've tried it. Trade
does not stop at once, but the tide of purchases
dies some other way. The cash receipts tell the
story." "Suppose you should give up advertising?"
"Well, I should save a big pile of money the
first year, but I should lose a bigger pile the
next two years. You must keep the boiler
heated if you want steam. If you bank your
fire too long, it takes time to start it up. Ad-
vertising is the steam which keeps business mov-
ing. I've studied this matter."—Boston
Journal.

A Sanitary Suggestion.
Respectfully referred to an esteemed con-
temporaries, whose circulation certainly can-
not be doubted: "A New York doctor writes: 'You
can double your circulation by washing your
face in cold water before going to bed at night
and after getting up in the morning.'"

Bulk oysters at Cowman & Groves' grocery
store. Fine, fresh, fatty, fit for frying, fricasse-
e, or stewing.

Tim Foley, who was in the employ of Scott
& Rodas as a clerk, has gone to Weatherford,
Parker county, Texas, to engage in stock rais-
ing. Jan10y1

If you are in search of a fine quality of bulk
oysters step in to Cowman & Groves' grocery, and
you will find just what you want. They keep
them on hand.

L. E. Leeds & Son, of the Brown County
News, have bought the Georgetown Sentinel,
and it will stand good no more. Its late pro-
prietor, Mr. C. N. McGraw, has accepted a
position in the News office.

Jacob Dove, an old and respected citizen of
this county, and living near New Vienna, died
during the night of Jan. 2d last. Upon return-
ing he was in his usual health, and was found
dead about one o'clock the next morning. He
was 66 years of age.

A very pleasant surprise was given Rev. Mr.
Reichard and family on the 4th. It happened
to be both the birthday of both the pastor and
his wife, as well as the seventh anniversary of
their marriage. A number of the members of
the Mt. Zion Reformed congregation, over
which Mr. Reichard is pastor, took this as an
occasion to visit with good cheer and a gen-
eral supply of the substantial of life. The
minister was brought under new obligations to
his kind people, whilst the donors, no doubt,
felt well repaid for their contribution. It is
declared upon good authority that "it is more
blessed to give than to receive."

The third Cincinnati Opera Festival will be
given Monday evening, Jan. 29th, and continue
the balance of the week ending Feb. 3d next.
The programmes include La Traviata, L'Afri-
caine, La Sonnambula, William Tell, Semir-
amide, Flying Dutchman, and Don Giovanni,
and embrace the modern and classic schools
of Italian and German opera, with their most
famous prima donnas, Alberti, Patti,
Fusch, Maria, Solachi, and a score of other
celebrated artists. Mr. Barry, general man-
ager, Agent of the Marietta & Cincinnati
Theatre, reports that the bill will have train-
ing the city daily at 5.10 p. m., 4.30 p. m., and
4.10 p. m. Passengers for points east of
Lewistown will take the 11.30 p. m. train.
Tickets will be sold from all stations at one
fare for the round trip, limited to suit the di-
rection of the Opera Festival.

Hon. Wm. Parsons.
The third of the series of lectures under the
auspices of the Hill City Course will be given
at Music Hall, Wednesday evening, Jan. 17,
and the committee have been so fortunate as to
secure the services of Hon. Wm. Parsons, who
has a national reputation as the finest foreign
lecturer in this country. Hon. Wm. Parsons
will deliver his lecture entitled "Heroism in
Science," which will be a most interesting and
valuable treatise on the subject of heroism, and
will be the most critical to be without a rival.
The above subject he handles in such a man-
ner as to hold his audience spell-bound and
render them into an evening of exquisite pleas-
ure and profit.

Telephone Talk.
Telephone connection is now complete
with New Vienna, New Antioch, and Wil-
mington, and from there to Salina.
John St. Louis expects to have the line open
to Cincinnati by to-day, and also to Green-
field, by way of Lexington and Leesburg,
next Monday.

Wilmington Station is No. 53, Cincinnati
No. 84, Greenfield No. 55, and Salina No. 56.
A public telephone station has been
provided for at the Exchange Office in this
city, and Mr. Cooper requests all parties
who are not subscribers to the Telephone
Co., wishing to use the wires, to call on him
and transmit the message, and subscribers
will be charged for all messages sent through
their instruments to points outside of this
city.

The ticket books, costing 25c and 50c,
and the coupon books, costing 12.50 worth of
coupons, will be ready some time this week.
The following is a scale of rates to be
charged between the different points named.
There may be a reduction in them soon to
regular customers of the telephone com-
pany.

Unless otherwise stated, the ticket rate
will be the same as the cash rate.
In order to avoid having a cash rate and
a ticket rate, on all future subscriptions the
company will issue a coupon book, which will
be a "Discount Coupon," which will be sold
at a premium of 20 per cent. to the pur-
chaser, and will be received at their face
value at the regular cash rates between all
points connected by the lines of the Central,
Western and Eastern Telegraphs. By the
way, the coupon book will be good to points on
connecting lines partly owned by other
parties, which are marked with a star.

Managers will have to be particular to
distinguish the difference between the new
discount coupons and the coupons which have
been issued heretofore. They will have the
words "Discount Coupons" under the name
of the company, and will be of a different
color from the coupons heretofore issued.
The color of the coupons will be green; those
of the Western Co., pink; and those of the Eastern
Co., white. Discount coupons will obviate
the necessity of Managers sending in
vouchers for the difference between ticket
and cash rates as heretofore.

An important hearing was lately had be-
fore Secretary Teller, in Washington, on
the application for patents to certain in-
ventions made by certain citizens of Vir-
ginia, who were the heirs or assigns of land
in the Virginia military land districts in the
State of Ohio. The district embraces a
large block of valuable land between the
Little Miami and Scioto rivers, leading to
trails in other portions of the State. J.
Hall, of Ohio, appeared for the applicants,
and Shellabarger & Lawrence represented the
State. No decision was rendered.

About the funniest Christmas gift we have
heard of occurred in Springfield, with a young
gentleman of color. He went into one of the
notion stores, and was casing about to buy
something for his wife, who was expecting
upon a lady's night dress hanging upon a line,
which was nicely made and fixed off with
brocade and tulle, and not knowing just
what it was, asked one of the obliging clerks
if that would not be nice to give a young lady.
The clerk of course said, "Certainly, sir, just
the thing," and he purchased, wrapped up
and labeled Miss So-and-so. Here our knowl-
edge ends, not having the privilege of seeing it
presented to the recipient.—Springfield Re-
publican.

Last Sunday Afternoon Temperance Meeting.
We held in the Ladies Temperance Hall, and

ting along finely.

By a postal card received from Mr. Cass
Wright, we learn that he arrived at
Soho Canyon, Utah, last Thursday morning,
on his way to San Francisco. They were
having a good time, and a large circle
of the best of spirits, and expected to reach San
Francisco on Sunday.

Mr. W. M. C. Elliott, one of the oldest resi-
dents of Sinking Springs, died at his home
at that place, last Friday evening, aged about
73 years. He had been for many years a promi-
nent member and local preacher in the M. E.
Church, and long and useful in the church
and community, and expected to reach San
Francisco on Sunday.

Hon. P. N. Wicksman and daughter, Miss
Fannie, of Sinking Springs, while on their way
to Cincinnati, were in this city, where they
were "spelled out," by an axle breaking, one wheel
coming off, letting the buggy down, near Cin-
cinnati. The horses were stopped, and no other
damage was done. Mr. W. W. Burnett, who
was with him, for which gift we return thanks.
